<b>CHAPTER 1 THE FIRE INSURANCE MARKET OF JAPAN .....</b>	<b>1</b>
1-1. History and Current Situation.....	1
(1) The Birth of Fire Insurance in Japan.....	1
(2) Improvements in Fire Insurance Products.....	1
(3) Liberalization of Insurance Products .....	3
(4) The Position of Fire Insurance in the Non-Life Insurance Market .....	3
1-2. Outlook for the Industry .....	5
(1) Stability or Fluctuation .....	5
(2) Various Factors Affecting the Insurance Business.....	5
<b>CHAPTER 2 FIRE INSURANCE FOR DWELLINGS AND GENERAL RISKS .....</b>	<b>7</b>
2-1. Fire Insurance Products .....	7
(1) General Conditions .....	7
(2) Endorsements.....	8
2-2. Outline of Fire Insurance for Dwellings and General Risks.....	8
2-3. Ordinary Fire Insurance and Dwelling House Fire Insurance .....	8
(1) Subject Matter of Insurance .....	9
(2) Extent of Insured Property .....	9
(3) Period of Insurance .....	10
(4) Scope of Coverage.....	10
(5) Main Exclusions.....	13
2-4. Householders' and Storekeepers' Comprehensive Insurance .....	14
(1) Underwriting.....	14
(2) Subject Matter of Insurance .....	15

(3) Scope of Insured Property.....	15
(4) Period of Insurance .....	16
(5) Scope of Coverage.....	16
(6) Main Exclusions.....	20
(7) Premium Rates.....	20
(8) Endorsements.....	20
<b>2-5. New Personal Line Fire Insurance .....</b>	<b>22</b>
(1) New Products .....	22
(2) Issues.....	23
(3) Streamlining the Product Lineup.....	23
<b>2-6. Preservation of Mortgagee Interests.....</b>	<b>24</b>
<b>2-7. Store Business Interruption Insurance and Rent Coverage Insurance .....</b>	<b>25</b>
(1) Store Business Interruption Insurance.....	25
(2) Rent Coverage Insurance.....	26
<b>2-8. Special Forms of Fire Insurance Contract .....</b>	<b>26</b>
(1) Value Agreement Insurance on Dwelling and General Risks .....	26
(2) Long-term Fire Insurance.....	28
(3) Installment Premium Payment System .....	30
<b>CHAPTER 3 FIRE INSURANCE FOR BUSINESS RISKS .....</b>	<b>33</b>
<b>3-1. New Commercial Line Insurance.....</b>	<b>33</b>
<b>3-2. General Conditions of Ordinary Fire Insurance.....</b>	<b>33</b>
(1) General Conditions of Ordinary Fire Insurance (Factory Risks).....	33
(2) General Conditions of Ordinary Fire Insurance (Warehouse Risks) .....	34
<b>3-3. Extended Coverage of Fire Insurance .....</b>	<b>34</b>
(1) Earthquake Coverage Endorsement.....	34
(2) Water Perils Coverage Endorsement.....	34
(3) Windstorm and Hail Coverage Endorsement, Snow Damage Coverage Endorsement.....	35
(4) Riot, Strike & Civil Commotion Coverage Endorsement, Malicious Damage Coverage Endorsement, Aircraft and Vehicle Coverage Endorsement.....	35
(5) Leakage Coverage Endorsement .....	35

(6) Volcanic Eruption Coverage Endorsement .....	35
(7) Other Risks Comprehensive Coverage Endorsement.....	36
(8) Plate Glass Damage Coverage Endorsement .....	36
(9) Electrical Accident Coverage Endorsement.....	36
(10) Sprinkler Leakage Coverage Endorsement, Water Supply and Drainage Equipment Leakage Coverage Endorsement .....	36
(11) Electric Car and Train Coverage Endorsement.....	37
(12) Trunk Room Coverage Endorsement .....	37
<b>3-4. Special Forms of Fire Insurance Contracts.....</b>	<b>37</b>
(1) Declaration Policy .....	37
(2) Blanket Policy .....	38
(3) Warehouse Open Contract Endorsement.....	39
(4) Deductible Endorsement.....	40
(5) Endorsement for Multiple Premises .....	40
(6) Endorsement for Replacement Value Insurance .....	40
(7) Co-insurance Clause .....	40
(8) Premium Installment Endorsement for Large Contracts .....	41
(9) Fire Insurance Open Policy .....	41
(10) Forest Fire Insurance .....	41
(11) Oil Refinery Plant Special Policy.....	42
<b>3-5. Special Rates and Discounts for Superior Risks .....</b>	<b>42</b>
<b>3-6. Business Interruption Insurance .....</b>	<b>43</b>
(1) Fire Business Interruption Insurance.....	43
(2) Business Continuing Expenses Insurance .....	45
(3) Comprehensive Business Interruption Insurance.....	45
<b>CHAPTER 4 SAVINGS-TYPE FIRE INSURANCE .....</b>	<b>47</b>
<b>4-1. Features of Savings-type Insurance.....</b>	<b>47</b>
<b>4-2. The History of Savings-type Fire Insurance .....</b>	<b>47</b>
(1) Period between 1960s and 1980.....	48
(2) Period between 1981 and 1986 .....	48
(3) Period between 1987 and 1992 .....	49
(4) Period after 1992.....	49

4-3. Basic Elements of Savings-type Fire Insurance .....	51
(1) Premium .....	51
(2) Policy Period .....	52
(3) Expected Annual Interest Rate.....	52
(4) Percentage of Total Loss Lapse.....	52
(5) Maturity Refund .....	53
(6) Loan System.....	53
4-4. Complete Type and Basic Endorsement Type.....	54
(1) Complete Type.....	54
(2) Basic Endorsement Type.....	54

**CHAPTER 5 FIRE INSURANCE RATES — GENERAL REVIEW AND  
RATES FOR DWELLING RISKS AND GENERAL RISKS..... 57**

5-1. General Review .....	57
(1) Composition of Fire Insurance Rates .....	57
(2) General Insurance Rating Organization of Japan .....	58
(3) Current Rating System by GIRO.....	60
5-2. Rates for Dwelling Risks and General Risks.....	62
(1) Methodology for Calculating the Degree of Fire Hazard in Cities.....	62
(2) Rates for Dwelling Risks.....	63
(3) Rates for General Risks .....	64

**CHAPTER 6 FIRE INSURANCE RATES FOR FACTORY RISKS AND  
WAREHOUSE RISKS..... 69**

6-1. Rates for Factory Risks.....	69
(1) Factory Risks .....	69
(2) Factory Premises.....	69
(3) Perils Covered .....	69
(4) Basic Rates.....	70
(5) Classification of Structure .....	71
(6) Classification of Hazardous Goods .....	71
(7) Examples of the Basic Rates.....	71
(8) Rates for Composite Buildings .....	74
(9) Discounts for Fire Fighting Facilities .....	74

(10) Additional Rates .....	74
(11) Special Discount for Superior Risks .....	76
(12) Rate Calculation Process .....	77
<b>6-2. Rates for Warehouse Risks .....</b>	<b>77</b>
(1) Warehouse Risks .....	77
(2) Basic Rates .....	77
(3) Additional Rates .....	77
(4) Discount Rate .....	77
(5) Special Discount for Superior Work .....	77
(6) Perils Covered .....	78
<b>CHAPTER 7 EARTHQUAKE INSURANCE FOR DWELLING RISKS .....</b>	<b>79</b>
7-1. Introduction.....	79
7-2. Subject Matter of Insurance .....	79
(1) Dwelling House .....	79
(2) Household Goods.....	80
7-3. Method of Underwriting .....	80
(1) Insured's Option.....	80
(2) Cover Limit .....	80
(3) Premium Rates.....	81
(4) Rejection of Application .....	86
7-4. Scope of Coverage .....	86
(1) Coverage before 2017 .....	86
(2) Coverage in and after 2017.....	88
(3) Exclusions .....	88
(4) Aggregate Limit of Indemnity.....	88
7-5. Reinsurance Scheme.....	89
7-6. Historical Background of Earthquake Insurance .....	90
(1) Establishment of Earthquake Insurance.....	90
(2) Revision of Earthquake Insurance .....	91
7-7. Promotion of Earthquake Insurance .....	94
(1) Experience of Earthquakes.....	94

(2) Activity to Promote Earthquake Insurance..... 95

**CHAPTER 8 EARTHQUAKE INSURANCE FOR BUSINESS RISKS ..... 97**

8-1. Earthquake Insurance for Business Risks ..... 97  
(1) Types of Coverage ..... 97  
(2) Limited Indemnity ..... 97  
(3) Premium Rates..... 98  
(4) Accumulation of Risks..... 98

**CHAPTER 9 RETENTION AND REINSURANCE OF FIRE INSURANCE.. 101**

9-1. Overview ..... 101  
(1) Single Risk ..... 101  
(2) Conflagration ..... 101  
(3) Natural Disasters..... 102  
  
9-2. Reinsurance of Large Single Risks against Fire ..... 102  
  
9-3. Reinsurance of Earthquake Catastrophe Risk ..... 102  
(1) Earthquake Insurance for Dwelling Risks ..... 103  
(2) Earthquake Coverage Endorsement for Business Risks..... 103  
(3) Earthquake Fire Expenses Insurance Coverage ..... 105  
  
9-4. Reinsurance of Windstorm/Flood Catastrophe Risk..... 106  
(1) High Frequency of Occurrence..... 106  
(2) Claims Spreading across Wide Areas ..... 106  
(3) Potential of Huge Accumulation of Claims in the Net Retained Account..... 106  
  
9-5. Alternative Risk Transfer ..... 109  
(1) Overview ..... 109  
(2) Catastrophe Bond ..... 109

**CHAPTER 10 OFFICE ADMINISTRATION AND COMPUTER SYSTEMS  
FOR FIRE INSURANCE ..... 111**

10-1. Office Administration ..... 111  
(1) Internal Procedures and Organization ..... 111  
(2) Agents..... 114

(3) Sub-branch .....	115
(4) Office Administration Department .....	117
(5) EDP Department.....	117
<b>10-2. Computer Systems for Fire Insurance .....</b>	<b>118</b>
(1) Internal System .....	119
(2) External System.....	123
(3) Agency System and Its On-line Services .....	123
<b>CHAPTER 11 DATA MANAGEMENT OF FIRE INSURANCE .....</b>	<b>125</b>
<b>11-1. Management of Operating Results.....</b>	<b>125</b>
(1) Composition of Statistics on Contracts.....	125
<b>11-2. Earnings Management by Line.....</b>	<b>128</b>
<b>11-3. Rate Review.....</b>	<b>129</b>
<b>11-4. Accumulation Management .....</b>	<b>130</b>
(1) Specific Method of Accumulation Management.....	130
(2) Calculation of Probable Maximum Loss .....	131
<b>CHAPTER 12 SALES PROMOTION IN FIRE INSURANCE.....</b>	<b>133</b>
<b>12-1. Distribution Channels in Fire Insurance .....</b>	<b>133</b>
(1) Distribution Channels .....	133
(2) Agency System .....	134
(3) Banks as Agents (Bancassurance).....	136
(4) Japan Post.....	136
<b>12-2. Procedures of Agents for Fire Insurance .....</b>	<b>137</b>
<b>12-3. Sales Promotion for Fire Insurance .....</b>	<b>137</b>
(1) Sales Promotion System in Insurance Companies .....	138
(2) Sales Competition .....	138
(3) Explanation of Insurance Products .....	140
<b>CHAPTER 13 LOSS PREVENTION IN FIRE INSURANCE.....</b>	<b>141</b>
<b>13-1. Fire Prevention in Japan.....</b>	<b>141</b>

(1) Fire Statistics and Features .....	141
(2) Laws Related to Fire Protection and the Activities of Concerned Organizations .....	144
(3) Fire Prevention Activities by the Non-life Insurance Industry .....	145
<b>13-2. Inspection Service for Loss Prevention .....</b>	<b>146</b>
(1) Characteristics of Loss Prevention Services in Japan .....	146
(2) Points of Inspection.....	147
<b>13-3. Fire Extinguishing Systems for Premium Discount .....</b>	<b>148</b>
(1) Types of Fire Extinguishing Systems and Discount Rates .....	148
(2) Outline of Fire Extinguishing Systems .....	149
(3) Standards of Fire Extinguishing Systems.....	152
(4) Application of a Premium Discount.....	152
<b>CHAPTER 14 FIRE CLAIMS ADJUSTMENT – FUNCTION AND PROCESS .....</b>	<b>153</b>
<b>14-1. Function and Organization of Claims Adjustment .....</b>	<b>153</b>
(1) Function and Role of Claims Adjustment.....	153
(2) Claims Adjustment Workflow .....	154
(3) Independent Fire Surveyors .....	154
<b>14-2. Occurrence of Loss and Investigation .....</b>	<b>154</b>
(1) Notice of Loss .....	154
(2) Confirmation of Insurance Contract.....	155
(3) On-site Survey .....	156
<b>14-3. Investigation of the Loss Amount .....</b>	<b>158</b>
(1) Assessment of the Loss Amount and Insurable Value.....	158
(2) Role of Agents.....	158
<b>14-4. Payment of the Indemnity Amount.....</b>	<b>159</b>
(1) Payment in 30 Days.....	159
(2) Process after Payment .....	159
<b>14-5. Claims Adjustment of Wide-Area Disasters .....</b>	<b>159</b>
(1) Features .....	159
(2) Claim Assessment of Windstorms and Floods.....	160
(3) Claim Assessment of Conflagrations .....	160

(4) Claims Assessment of Earthquakes.....	161
(5) Great East Japan Earthquake.....	161

**CHAPTER 15 FIRE CLAIMS ADJUSTMENT – EVALUATION AND  
CALCULATION ..... 163**

<b>15-1. Evaluation .....</b>	<b>163</b>
(1) Significance of Evaluation .....	163
(2) The Basis of Evaluation.....	164
(3) Evaluation of Buildings and Other Structures .....	167
(4) Evaluation of Machinery.....	170
(5) Evaluation of Household Goods .....	171
(6) Evaluation of Merchandise .....	172
(7) Evaluation of Products, Products Undergoing Processing and Raw Materials .....	174
<b>15-2. Calculation of the Indemnity Amount.....</b>	<b>174</b>
(1) Calculating the Indemnity Amount in Conventional Policies.....	175
(2) Insurance with Co-insurance Clause or Value Agreement Endorsement .....	176
(3) Double Insurance .....	176
(4) Floating Policy .....	178
